REPORT OF LIBRARY.

We respectfully submit our annual report to the citizens of the town, of the Barnstead Free Public Library for the year ending, February 15, 1914.

The library contains 2,644 books not including public documents.

53 volumes have been purchased and placed on the shelves during the year.

Miss Mary B. Harris, Librarian at Warner generously donated seven new books for which we render grateful acknowledgement.

Mrs. E. S. Wells contributed three good books making the whole number added to the list for the year 63 the same as last year.

Beside these the state furnished ten New Hampshire Annual Reports for 1911-12 which contain valuable information.

The library will be open to the public for the delivery of books on Saturday afternoons, except holidays, from two to five o'clock.

REPORT OF SCHOOL BOARD.

TO THE CITIZENS OF BARNSTEAD SCHOOL DISTRICT :

We hereby submit the following annual report.

Schools have been maintained for the year at the Parade, Center South Barnstead, North Barnstead, Pitman, Shackford's Corner, White Oakes, Beauty Hill and Bickford.

There was a spring term at Berry's but the scholars were conveyed to White Oakes for the fall term. In the winter the number was so small, with no means of conveyance, we employed Mrs. Lula Emerson, a teacher of experience, to teach them in her home.

We think our schools have been very profitable for the past year. Teachers have seem to be untiring in their efforts to accomplish as much as possible for those in their care, and after all that can be said, a school will be just about what the teacher makes it. If she has plenty of snap, energy, love for her pupils and her work, with a good share of common sense her school will prosper

Most of the parents we are glad to say are very anxious to have their children in school regularly, still there are some who should be more particular in these matters. Does not a great responsibility rest upon such parents?

Daniel Webster said "If we work upon marble it will perish, if we work upon brass time efface it, if we rear lofty temples they will crumble into dust, but if we engrave upon the tables of the minds of our children the principle of industry, honesty and virtue they will live and brighten to all eternity."

The education of the young is surely a noble work. Let

each endeavor to do his part wisely and well.

REPAIRS.

The house and shed at Dennets' have been shingled, and at Bickfords' the inside has been repaired and walls painted, while light repairs have been made at several other places.

The greatest improvement in any of our houses for years, has been made at South Barnstead, by public spirited citizens of that section.

Mr. Guy Clark gave a fire bell, others built a bell tower at quite a large expense, they also put new blinds on the house, and Mr. Sewell Clark of Lynn, Mass. a former school-boy here gave the weather vane.

The only expense to the district being a small sum for freight and paint.

In the school room is an organ presented by friends, an oak-framed. glass front book case, and new clock, purchased by the teacher, Miss Daisy Davis and her pupils ; also a new large and expensive U. S. Map, the gift of Mr. Lewis Hanson of Boston, Mass. a native of Barnstead.

All who have had a part in this good work are worthy of the highest praise and will receive it from all right thinking people.

Charles F. Jenkins, 2d,
Enos George,
George W. Dow,
School Board of Barnstead.
